Subject index*

A

Abdomen, acute, child
Abdominal pain in pediatric patients: assessment and management update (Sperhac). 1989;15:93-100

Abdominal injuries
Difficult diagnoses in blunt thoracoabdominal trauma (Andrews). 1989;15:399-404

Accidents
The case of the altered incident report (George and Quattrone). 1989;15:508-9

Accidents, traffic
Field photography: an aid to trauma patient evaluation (Holmquist et al). 1989;15:434-5

Acetaminophen
Acetaminophen overdose (Sredzienski). 1989;15:506

Adrenergic beta receptor blockaders
β-blockers and the growth rate of abdominal aortic aneurysms (Sredzienski). 1989;15:506

Aged
An elderly man with subtle neurologic changes (Woznica). 1989;15:60-2
An educational program to improve geriatric emergency care (Rahman et al). 1989;15:313-7
Syncope in the elderly (Sedlak). 1989;15:241-8

Aircraft
Helicopter transport of the patient receiving thrombolytic therapy (LaPlante and Gaffney). 1989;15:196-200

Alcoholic intoxication
The intoxicated ED trauma patient: a case report (George and Quattrone). 1989;15:444-5

Allergy; *see* **Hypersensitivity**

Ambulatory care, child
Audiovisual demonstration of pediatric mock codes (Rushing). 1989;15:348-9

American College of Emergency Physicians
Joint Position Statement on Hospital and Emergency Department Overcrowding. 1989;15:532

American Nurses Association
Making the machinery of government work for nursing (Hiemenz-Amer). 1989;15:269-71

Anemia, sickle cell
Use of protocols for ED patients with sickle cell anemia (Bojanowski). 1989;15:83-7

Angina, unstable
Future indications for thrombolytic therapy with tissue plasminogen activator (Vermilya). 1989;15:204-7

Antibiotics
Antibiotics in penetrating trauma (Sredzienski). 1989;15:442-3

Antidotes
Acetaminophen overdose (Sredzienski). 1989;15:506
Benzodiazepine toxicity antidote (Sredzienski). 1989;15:506
Digibind: emergency treatment for digitalis toxicity (Riddle and Lee). 1989;15:266-8

Aorta, abdominal
β-blockers and the growth rate of abdominal aortic aneurysms (Sredzienski). 1989;15:507

Aortic aneurysm
β-blockers and the growth rate of abdominal aortic aneurysms (Sredzienski). 1989;15:507

Appendicitis, child
Abdominal pain in pediatric patients: assessment and management update (Sperhac). 1989;15:93-100

Arm
Upper extremity peripheral nerve assessment (Halpern). 1989;15:261-5

Arrhythmia
Syncope in the elderly (Sedlak). 1989;15:241-8

Arterial occlusive disease
Future indications for thrombolytic therapy with tissue plasminogen activator (Vermilya). 1989;15:204-7

Atropine
Endotracheal administration of emergency drugs (Sredzienski). 1989;15:442

Audiovisual reviews
Book, audiovisual, and software reviews. 1989;15:48, 105-7, 256-61, 439-41, 500-2

Avulsion injury; *see* **Wounds and injuries**

B

Bandages
The use of Xeroform in the treatment of outpatient burns (Sredzienski). 1989;15:506

Benzodiazepines, toxicity
Benzodiazepine toxicity antidote (Sredzienski). 1989;15:506

Beta adrenergic receptor blockers; *see* **Adrenergic beta receptor blockaders**

Blindness
Common ocular injuries and disorders. Part I: acute loss of vision (Lawlor). 1989;15:32-6

Blood coagulation
Hidden problems with bleeding in trauma patients (Sedlak and Mace). 1989;15:422-9

Blood gas analysis
Noninvasive monitoring of oxygenation with pulse oximetry (Gilboy and McGaffigan). 1989;15:26-31

Blood transfusion
Hidden problems with bleeding in trauma patients (Sedlak and Mace). 1989;15:422-9

Blood transfusion, autologous
Hidden problems with bleeding in trauma patients (Sedlak and Mace). 1989;15:422-9

Blunt injuries; *see* **Wounds, nonpenetrating**

Body temperature
Nursing management of hypothermia in the multiple-trauma patient (Michal). 1989;15:416-21

Book reviews
Book, audiovisual, and software reviews. 1989;15:48, 105-7, 256-61, 439-41, 500-2

Burns
The use of Xeroform in the treatment of outpatient burns (Sredzienski). 1989;15:506

C

Carbon monoxide poisoning
Carbon monoxide poisoning (Dailey). 1989;15:120-3
Carbon monoxide poisoning: the rest of the story (Martindale). 1989;15:101-4
Chronic occult carbon monoxide poisoning (Halpern). 1989;15:107-11
The role of hyperbaric oxygen in current emergency medical care (Ludwig). 1989;15:229-37

Cardiac arrest, child; *see* **Heart arrest, child**

Cardiopulmonary resuscitation; *see* **Resuscitation**

Cardiotonic agents
Symptoms of digitalis-like toxicity in a family after accidental ingestion of lily of the valley plant (Edgerton). 1989;15:220-3
Career mobility
Nursing practice in Yellowstone Park (Czupryna and Perry). 1989;15:325-8
Case review
Case review. 1989;15:8-11, 80-2, 220-3, 301-3, 377-9, 463-5
Cerebrovascular disorders
Syncope in the elderly (Sedlak). 1989;15:241-8
Child abuse, sexual
Planning and implementing a pediatric sexual assault evidentiary examination program (Muchlinski et al). 1989;15:249-55
Cimetidine
Cimetidine in acute allergic reactions (Sredzienski). 1989;15:507
Clinical competence
Use of clinical skills performance evaluation for emergency nurses (Shea). 1989;15:88-92
Clinical notebook
Clinical notebook. 1989;15:49-51, 107-11, 261-5, 333-7, 503-5
Clinical nurse specialists; *see* **Nurse clinicians**
Clinical protocols
Carbon monoxide poisoning (Dailey). 1989;15:120-3
Implementation of a thrombolytic program: one hospital's experience (Pierleoni and Pace). 1989;15:188-95
Implementation of a thrombolytic protocol in the emergency department (Martin). 1989;15:182-7
Management of violent behavior (Green). 1989;15:523-8
Use of protocols for ED patients with sickle cell anemia (Bojanowski). 1989;15:83-7
Clinical skills; *see* **Clinical competence**
Clinical trials
Clinical experience with thrombolytic agents (Henderson). 1989;15:174-82
Clonidine, poisoning, child
A lethargic 2-year-old child (Thomas). 1989;15:123-5
***Clostridium* infections;** *see* **Gas gangrene**
Cocaine
Cocaine abuse: what every emergency nurse should know (Higgins). 1989;15:318-24
A cocaine substitute—lidocaine/phenylephrine solution (Sredzienski). 1989;15:507
Code practice; *see* **Resuscitation**
Colchicine, adverse effects
Fatal IV colchicine injection in a 60-year-old woman (Luciani). 1989;15:80-2
Cold, therapeutic use
Exertional hyperthermia, ice baths, and emergency care at the Falmouth Road Race (Brodeur et al). 1989;15:304-12
Communication
A systematic program designed to provide trauma patient follow-up to emergency nurses (Bracken and Dees). 1989;15:410-3
A visitor's guide to the streets (Sheehy). 1989;15:517-20
Conjunctivitis
Common ocular injuries and disorders. Part II: red eye (Lawlor). 1989;15:36-43
Consolidated Omnibus Budget Reconciliation Act
COBRA legislation: complying with ED provisions (Southard). 1989;15:23-5
Continuing education; *see* **Education, nursing, continuing**
Coronary thrombosis
Thrombolytic therapy for acute myocardial infarction: implications for emergency nursing (Hammond). 1989;15:143-4 (Guest editorial)
Corrections
"Compartment syndrome" (Proehl) (1988;14:283-92). 1989;15:7
Cost benefit analysis
Motorcycle helmet use, incidence of head injury, and cost of hospitalization (May and Morabito). 1989;15:389-92
Cyanides, poisoning
The role of hyperbaric oxygen in current emergency medical care (Ludwig). 1989;15:229-37

D

Dangerous behavior; *see also* **Violence**
Management of violent behavior (Green). 1989;15:523-8
Data collection
Trauma registers: planning and developing reports (Davis and Kearns). 1989;15:436-8
Death, sudden, child
Infant death: guidelines for support of parents in the emergency department (Jezierski). 1989;15:475-6
Degloving injury; *see* **Skin, injury**
Diagnosis, differential
Chronic occult carbon monoxide poisoning (Halpern). 1989;15:107-11
Difficult diagnoses in blunt thoracoabdominal trauma (Andrews). 1989;15:399-404
An 18-year-old male patient with bilateral shoulder pain (Shapiro and Anderson). 1989;15:291-2
Diagnosis, differential, child
Abdominal pain in pediatric patients: assessment and management update (Sperhac). 1989;15:93-100
Diazepam
Endotracheal administration of emergency drugs (Sredzienski). 1989;15:442
Digibind
Digibind: emergency treatment for digitalis toxicity (Riddle and Lee). 1989;15:266-8
Digitalis, toxicity
Digibind: emergency treatment for digitalis toxicity (Riddle and Lee). 1989;15:266-8
Digitoxin, toxicity
Digibind: emergency treatment for digitalis toxicity (Riddle and Lee). 1989;15:266-8
Digoxin, toxicity
Digibind: emergency treatment for digitalis toxicity (Riddle and Lee). 1989;15:266-8
Discharge planning; *see* **Patient discharge**
Dislocations
Upper extremity peripheral nerve assessment (Halpern). 1989;15:261-5
Documentation
Field photography: an aid to trauma patient evaluation (Holmquist et al). 1989;15:434-5
Trauma care documentation: a comprehensive guide (Southard and Frankel). 1989;15:393-8
Trauma resuscitation record (Cushman). 1989;15:503-5
Drug hypersensitivity
Fatal IV colchicine injection in a 60-year-old woman (Luciani). 1989;15:80-2
Drug update
Drug update. 1989;15:266-8, 442-3, 506-7

Commonly asked questions concerning thrombolytic therapy (Breed et al). 1989;15:207-10
Future indications for thrombolytic therapy with tissue plasminogen activator (Vermilya). 1989;15:204-7
Helicopter transport of the patient receiving thrombolytic therapy (LaPlante and Gaffney). 1989;15:196-200
Implementation of a thrombolytic program: one hospital's experience (Pierleoni and Pace). 1989;15:188-95
Implementation of a thrombolytic protocol in the emergency department (Martin). 1989;15:182-7
Nursing care of the patient receiving thrombolytic therapy (Magee). 1989;15:165-73
Patient selection and administration of thrombolytic therapy (Belle-Isle). 1989;15:155-64
Prehospital administration of thrombolytic therapy (Breed). 1989;15:200-4
Role of thrombolytic therapy in emergency care (Aghababian). 1989;15:152-5
Syncope in the elderly (Sedlak). 1989;15:241-8
Thrombolytic therapy for acute myocardial infarction: implications for emergency nursing (Hammond). 1989;15:143-4 (Guest editorial)
Thrombolytic therapy in acute myocardial infarction: an overview (Henderson). 1989;15:145-51

N

Naloxone
Endotracheal administration of emergency drugs (Sredzienski). 1989;15:442
Neisseria gonorrhoeae
Common ocular injuries and disorders. Part II: red eye (Lawlor). 1989;15:36-43
Nurse clinicians
A systematic program designed to provide trauma patient follow-up to emergency nurses (Bracken and Dees). 1989;15:410-3
Nurse educator
Nurse educator. 1989;15:116-9, 280-2, 348-9, 517-20
Nurses
Liability insurance issues (George and Quattrone). 1989;15:340-1
Nurses—cont'd
Recognizing our own: National Emergency Nurses' Day (MacPhail). 1989;15:214 (President's message)
Nursing, trends
Moving forward with vision and unity (MacPhail). 1989;15:3-4 (President's message)
Red ribbons in Texas (Scott). 1989;15:52
Nursing assessment
Difficult diagnoses in blunt thoracoabdominal trauma (Andrews). 1989;15:399-404
Nursing management of hypothermia in the multiple-trauma patient (Michal). 1989;15:416-21
Nursing diagnosis
Difficult diagnoses in blunt thoracoabdominal trauma (Andrews). 1989;15:399-404
Nursing education; *see* **Education, nursing**
Nursing records
Trauma care documentation: a comprehensive guide (Southard and Frankel). 1989;15:393-8
Nursing research
Writing for the *Journal*: it's not who you know, but what what you know (Lenehan). 1989;15:1-2 (Editorial)
Nursing services, trends
Combating injury—today and tomorrow (MacPhail). 1989;15:365-6 (President's message)
At last! Trauma *systems* (Sheehy). 1989;15:367-8 (Guest editorial)
Trauma nursing is a developing specialty (Beachley). 1989;15:372-3 (Guest editorial)
Nursing staff
Making the machinery of government work for nursing (Hiemenz-Amer). 1989;15:269-71
Nursing practice in Yellowstone Park (Czupryna and Perry). 1989;15:325-8
Promise and pragmatism: the *Secretary's Commission on Nursing Final Report* is released (Lenehan). 1989;15:67-70 (Editorial)
Nursing staff, hospital
Use of clinical skills performance evaluation for emergency nurses (Shea). 1989;15:88-92

O

Organophosphates; *see* **Insecticides, organophosphate**
Orientation programs, employee; *see* **Inservice training**
Outcome and process assessment
Lower extremity peripheral nerve assessment (Halpern). 1989;15:333-7
Outcome and process assessment, child
Assessment of pediatric head injury: the basics (Reeves). 1989;15:329-32
Outpatients
The use of Xeroform in the treatment of outpatient burns (Sredzienski). 1989;15:506
Overdose; *see* **Poisoning**
Oximetry
Noninvasive monitoring of oxygenation with pulse oximetry (Gilboy and McGaffigan). 1989;15:26-31
Oxygen
Noninvasive monitoring of oxygenation with pulse oximetry (Gilboy and McGaffigan). 1989;15:26-31

P

Pain
An 18-year-old male patient with bilateral shoulder pain (Shapiro and Anderson). 1989;15:291-2
Pain control in blunt chest injury (Sredzienski). 1989;15:442
Parents
Infant death: guidelines for support of parents in the emergency department (Jezierski). 1989;15:475-6

Partial thromboplastin time
Commonly asked questions concerning thrombolytic therapy (Breed et al). 1989;15:207-10
Patient care guidelines
Patient care guidelines. 1989;15:120-3, 284-90, 352-5, 523-8
Patient care plans
Nursing care of the patient receiving thrombolytic therapy (Magee). 1989;15:165-73
Patient care team
A visitor's guide to the streets (Sheehy). 1989;15:517-20
Patient discharge
A comparison of teaching methods for ED discharge instruction after head injury (Kozak and Yura). 1989;15:18-22
Patient education
A comparison of teaching methods for ED discharge instruction after head injury (Kozak and Yura). 1989;15:18-22
Use of protocols for ED patients with sickle cell anemia (Bojanowski). 1989;15:83-7
Patients, classification
Establishing reliability and validity of an ED patient classification system (Stolley and Hachmann). 1989;15:488-94
Pediatric nursing
Assessment of pediatric head injury: the basics (Reeves). 1989;15:329-32
A 4-year-old child with devastating meningococcemia (McLaughlin and Scheid). 1989;15:301-3
Pediatrics
Audiovisual demonstration of pediatric mock codes (Rushing). 1989;15:348-9
Development of a pediatric injury prevention program for emergency departments (Ellerby and Ward). 1989;15:224-8
Penetrating injuries; *see* **Wounds, penetrating**
Peripheral nerves
Lower extremity peripheral nerve assessment (Halpern). 1989;15:333-7
Upper extremity peripheral nerve assessment (Halpern). 1989;15:261-5
Phenylephrine
A cocaine substitute—lidocaine/phenylephrine solution (Sredzienski). 1989;15:507
Photography
Field photography: an aid to trauma patient evaluation (Holmquist et al). 1989;15:434-5
Physical examination
Evidentiary examination in sexual assault (Osborn and Bryan). 1989;15:284-90
Opposite sex stand-in nurses (George and Quattrone). 1989;15:53-4
Planning and implementing a pediatric sexual assault evidentiary examination program (Muchlinski et al). 1989;15:249-55
Physical examination, legislation and jurisprudence
Opposite sex stand-in nurses (George and Quattrone). 1989;15:53-4
Pickwickian syndrome
Sleeping beauty: a case of pickwickian syndrome (Hartzell). 1989;15:8-11
Plants, toxic
Symptoms of digitalis-like toxicity in a family after accidental ingestion of lily of the valley plant (Edgerton). 1989;15:220-3
Plasminogen activator, tissue-type
Clinical experience with thrombolytic agents (Henderson). 1989;15:174-82
Commonly asked questions concerning thrombolytic therapy (Breed et al). 1989;15:207-10
Future indications for thrombolytic therapy with tissue plasminogen activator (Vermilya). 1989;15:204-7
Nursing care of the patient receiving thrombolytic therapy (Magee). 1989;15:165-73
Plasminogen activator, tissue type—cont'd
Patient selection and administration of thrombolytic therapy (Belle-Isle). 1989;15:155-64
Thrombolytic therapy in acute myocardial infarction: an overview (Henderson). 1989;15:145-51
Poisoning
Acetaminophen overdose (Sredzienski). 1989;15:506
Malathion overdose: when one patient creates a departmental hazard (Merritt and Anderson). 1989;15:463-5
Symptoms of digitalis-like toxicity in a family after accidental ingestion of lily of the valley plant (Edgerton). 1989;15:220-3
Poisoning, child
A lethargic 2-year-old child (Thomas). 1989;15:123-5
Polyradiculoneuritis
A 21-year-old woman with muscle weakness and impaired vision (Harris-Lawlor). 1989;15:529-30
Position statement
Joint Position Statement on Hospital and Emergency Department Overcrowding. 1989;15:532
Preceptorship
A collaborative university/emergency student nurse preceptorship program (Ephron and Andrea). 1989;15:116-9
Pregnancy complications
Blunt trauma in the pregnant patient (Dees and Fuller). 1989;15:495-9
Prehospital emergency care; *see* **Emergency medical services**
President's message
President's message. 1989;15:3-4, 71-2, 214, 297, 365-6, 459-60
Preventive health services
Development of a pediatric injury prevention program for emergency departments (Ellerby and Ward). 1989;15:224-8
Professional competence; *see* **Clinical competence**
Professional practice
Moving forward with vision and unity (MacPhail). 1989;15:3-4 (President's message)
Nursing practice in Yellowstone Park (Czupryna and Perry). 1989;15:325-8
Red ribbons in Texas (Scott). 1989;15:52
Profiles
Emergency nursing in Oman (Frank). 1989;15:63-5
New York City's Maureen O'Brien and the Irish-American emergency nursing connection (Jezierski). 1989;15:358-9
Southern Arizona search and rescue: an emergency nurse volunteer (Jezierski). 1989;15:293-4
Susan Budassi Sheehy: emergency nursing's Renaissance woman (Jezierski). 1989;15:455-7
Teaching trauma care in Quebec wilderness (Gandy). 1989;15:126-8
Propranolol
β-blockers and the growth rate of abdominal aortic aneurysms (Sredzienski). 1989;15:507
Protective devices
Hazardous materials protections in ED practice: laws and logistics (Gough and Markus). 1989;15:477-80
Motorcycle helmet use, incidence of head injury, and cost of hospitalization (May and Morabito). 1989;15:389-92
Protocols, clinical; *see* **Clinical protocols**
Pulmonary embolism
Future indications for thrombolytic therapy with tissue plasminogen activator (Vermilya). 1989;15:204-7
Pulse oximetry; *see* **Oximetry**

R

Rape
Evidentiary examination in sexual assault (Osborn and Bryan). 1989;15:284-90
Planning and implementing a pediatric sexual assault evidentiary examination program (Muchlinski et al). 1989;15:249-55

Red eye; *see* **Conjunctivitis**
Referral and consultation
Prevalance and referral of nonurgent ED patients with previously undetected hypertension (Capriotti). 1989;15:238-40
Registries
A process and tool for selection of a trauma registry software program (Hogan). 1989;15:430-3
Trauma registers: planning and developing reports (Davis and Kearns). 1989;15:436-8
Research
Research is not a four-letter word (Kidd). 1989;15:215 (Guest editorial)
Research abstracts
Research abstracts. 1989;15:59-60, 283-4, 350-1, 451-2, 521-2
Respiratory distress syndrome, child
A 10-year-old boy in respiratory distress (Ephron). 1989;15:452-3
Resuscitation
Commonly asked questions concerning thrombolytic therapy (Breed et al). 1989;15:207-10
Trauma resuscitation record (Cushman). 1989;15:503-5
Resuscitation, child
Audiovisual demonstration of pediatric mock codes (Rushing). 1989;15:348-9
Pediatric resuscitation (Outwater et al). 1989;15:466-74
Risk management
The case of the altered incident report (George and Quattrone). 1989;15:508-9
Rural health
California EMSC project establishes guidelines for rural pediatric emergency care (Ness). 1989;15:44-7

S

Safety
Hazardous materials protections in ED practice: laws and logistics (Gough and Markus). 1989;15:477-80
Safety devices; *see* **Protective devices**
Salaries and fringe benefits
Promise and pragmatism: the *Secretary's Commission on Nursing Final Report* is released (Lenehan). 1989;15:67-70 (Editorial)
Seat belts
Mechanisms and patterns of trauma (Halpern). 1989;15:380-8
Seizures
Midazolam for seizure control (Sredzienski). 1989;15:443
Sex offenses
Evidentiary examination in sexual assault (Osborn and Bryan). 1989;15:284-90
Planning and implementing a pediatric sexual assault evidentiary examination program (Muchlinski et al). 1989;15:249-55
Shock
Mastocytosis/vasodilatory shock in a 25-year-old woman (Walton). 1989;15:356-7
Shoulder, diagnosis
An 18-year-old male patient with bilateral shoulder pain (Shapiro and Anderson). 1989;15:291-2
Sickle cell anemia; *see* **Anemia, sickle cell**
Skin, injury
Degloving injury to the arm (Sykes). 1989;15:377-9
Sleep disorders
Sleeping beauty: a case of pickwickian syndrome (Hartzell). 1989;15:8-11
Smoke inhalation injury
The role of hyperbaric oxygen in current emergency medical care (Ludwig). 1989;15:229-37
Software
Book, audiovisual, and software reviews. 1989;15:48, 105-7, 256-61, 439-41, 500-2
A process and tool for selection of a trauma registry software program (Hogan). 1989;15:430-3
Specialties, nursing
Making the transition into the 1990s with ENA's Special Committee: Trauma Nursing (Hoyt). 1989;15:369-71 (Guest editorial)
Meeting the ENA special interest group challenge (MacPhail). 1989;15:71-2 (President's message)
Trauma nursing is a developing specialty (Beachley). 1989;15:372-3 (Guest editorial)
Spouse abuse
Battered women handout and referral card (Danis et al). 1989;15:49-51
Emergency nursing interventions with battered women (Campbell and Sheridan). 1989;15:12-7
Steroids
Head trauma and steroids (Sredzienski). 1989;15:443
Streptokinase
Clinical experience with thrombolytic agents (Henderson). 1989;15:174-82
Patient selection and administration of thrombolytic therapy (Belle-Isle). 1989;15:155-64
Thrombolytic therapy in acute myocardial infarction: an overview (Henderson). 1989;15:145-51
Substance abuse
Cocaine abuse: what every emergency nurse should know (Higgins). 1989;15:318-24
Sudden infant death
Infant death: guidelines for support of parents in the emergency department (Jezierski). 1989;15:475-6
Syncope
Syncope in the elderly (Sedlak). 1989;15:241-8

T

t-PA; *see* **Plasminogen activator, tissue-type**
Telephone hot lines; *see* **Hotlines**
Temperature
Nursing management of hypothermia in the multiple-trauma patient (Michal). 1989;15:416-21
Thiopental
Lidocaine and thiopental for head trauma (Sredzienski). 1989;15:443
Thoracic injuries
Difficult diagnoses in blunt thoracoabdominal trauma (Andrews). 1989;15:399-404
Thrombolytic therapy; *see* **Fibrinolytic agents**
Thyroid crisis
Hyperthyroidism: thyroid crisis (storm, thyrotoxic crisis) (Tucker et al). 1989;15:352-5
Thyrotoxic crisis; *see* **Thyroid crisis**
Transportation of patients
Helicopter transport of the patient receiving thrombolytic therapy (LaPlante and Gaffney). 1989;15:196-200
Prehospital administration of thrombolytic therapy (Breed). 1989;15:200-4
Trauma; *see* **Wounds and injuries**
Trauma centers
Combating injury—today and tomorrow (MacPhail). 1989;15:365-6 (President's message)
Guidelines for the triage of pediatric trauma patients (Kitchen and Haubner). 1989;15:414-5
At last! Trauma *systems* (Sheehy). 1989;15:367-8 (Guest editorial)
Making the transition into the 1990s with ENA's Special Committee: Trauma Nursing (Hoyt). 1989;15:369-71 (Guest editorial)
Preparing for hospital site review for trauma center designation: a survey of nurse evaluators (Hollingsworth-Fridlund et al). 1989;15:405-9
Trauma care documentation: a comprehensive guide (Southard and Frankel). 1989;15:393-8
Trauma registry; *see* **Registries**

Triage
An adult male patient with multiple stab wounds (High). 1989; 15:454
An elderly man with subtle neurologic changes (Woznica). 1989;15:60-2
ED telephone triage: lessons learned from unusual calls (Wheeler). 1989;15:481-7
An 18-year-old male patient with bilateral shoulder pain (Shapiro and Anderson). 1989;15:291-2
Mastocytosis/vasodilatory shock in a 25-year-old woman (Walton). 1989;15:356-7
Patient selection and administration of thrombolytic therapy (Belle-Isle). 1989;15:155-64
A 21-year-old woman with muscle weakness and impaired vision (Harris-Lawlor). 1989;15:529-30
Triage, child
Guidelines for the triage of pediatric trauma patients (Kitchen and Haubner). 1989;15:414-5
A lethargic 2-year-old child (Thomas). 1989;15:123-5
Triage decisions
Triage decisions. 1989;15:60-2, 123-5, 291-2, 356-7, 452-4, 529-30
A 10-year-old boy in respiratory distress (Ephron). 1989;15:452-3

U

Upper extremity; *see* **Arm**
Urokinase
Patient selection and administration of thrombolytic therapy (Belle-Isle). 1989;15:155-64
Thrombolytic therapy in acute myocardial infarction: an overview (Henderson). 1989;15:145-51

V

Vasodilation
Mastocytosis/vasodilatory shock in a 25-year-old woman (Walton). 1989;15:356-7
Violence
Battered women handout and referral card (Danis et al). 1989;15:49-51. 1989;15:49-51
Emergency nursing interventions with battered women (Campbell and Sheridan). 1989;15:12-7
Management of violent behavior (Green). 1989;15:523-8
Vision, binocular
Common ocular injuries and disorders. Part I: acute loss of vision (Lawlor). 1989;15:32-6
Vision, monocular
Common ocular injuries and disorders. Part I: acute loss of vision (Lawlor). 1989;15:32-6
Vision disorders
Common ocular injuries and disorders. Part I: acute loss of vision (Lawlor). 1989;15:32-6
Common ocular injuries and disorders. Part II: red eye (Lawlor). 1989;15:36-43
A 21-year-old woman with muscle weakness and impaired vision (Harris-Lawlor). 1989;15:529-30

W

Wounds, nonpenetrating
Blunt trauma in the pregnant patient (Dees and Fuller). 1989;15:495-9
Difficult diagnoses in blunt thoracoabdominal trauma (Andrews). 1989;15:399-404
Mechanisms and patterns of trauma (Halpern). 1989;15:380-8
Pain control in blunt chest injury (Sredzienski). 1989;15:442
Wounds, penetrating
An adult male patient with multiple stab wounds (High). 1989; 15:454
Antibiotics in penetrating trauma (Sredzienski). 1989;15:442-3
Mechanisms and patterns of trauma (Halpern). 1989;15:380-8
Wounds and injuries
Combating injury—today and tomorrow (MacPhail). 1989;15:365-6 (President's message)
Common ocular injuries and disorders. Part I: acute loss of vision (Lawlor). 1989;15:32-6
Common ocular injuries and disorders. Part II: red eye (Lawlor). 1989;15:36-43
Degloving injury to the arm (Sykes). 1989;15:377-9
Field photography: an aid to trauma patient evaluation (Holmquist et al). 1989;15:434-5
At last! Trauma *systems* (Sheehy). 1989;15:367-8 (Guest editorial)
Lidocaine and thiopental for head trauma (Sredzienski). 1989;15:443
Making the transition into the 1990s with ENA's Special Committee: Trauma Nursing (Hoyt). 1989;15:369-71 (Guest editorial)
Motorcycle helmet use, incidence of head injury, and cost of hospitalization (May and Morabito). 1989;15:389-92
The role of hyperbaric oxygen in current emergency medical care (Ludwig). 1989;15:229-37
Trauma nursing is a developing specialty (Beachley). 1989;15:372-3 (Guest editorial)
Trauma resuscitation record (Cushman). 1989;15:503-5
Wounds and injuries, child
Guidelines for the triage of pediatric trauma patients (Kitchen and Haubner). 1989;15:414-5
A 10-year-old boy in respiratory distress (Ephron). 1989;15: 452-3
Wounds and injuries, complications
Hidden problems with bleeding in trauma patients (Sedlak and Mace). 1989;15:422-9
Wounds and injuries, epidemiology
A process and tool for selection of a trauma registry software program (Hogan). 1989;15:430-3
Trauma registers: planning and developing reports (Davis and Kearns). 1989;15:436-8
Wounds and injuries, physiopathology
Mechanisms and patterns of trauma (Halpern). 1989;15:380-8
Writing
Writing for the *Journal:* it's not who you know, but what you know (Lenehan). 1989;15:1-2 (Editorial)
